Independent Auditors' Report

To the Board of Trustees of Isla Carroll Turner Friendship Trust:

We have audited the accompanying financial statements of Isla Carroll Turner Friendship Trust, which comprise the statements of assets and net assets – modified cash basis as of December 31, 2019 and 2018 and the related statements of revenue and expenses – modified cash basis and of cash flows – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management also is responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and net assets of Isla Carroll Turner Friendship Trust as of December 31, 2019 and 2018 and its revenue, expenses and cash flows for the years then ended in accordance with the modified cash basis of accounting.

Basis of Accounting

As described in Note 1, these financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. Supplementary information in the schedule of grants paid during the year ended December 31, 2019 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements for the years ended December 31, 2019 and 2018

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

<u>Organization</u> – Isla Carroll Turner Friendship Trust (the Trust) was established in 1956 by Isla Carroll Sterling Turner. The Trust provides grants to charitable organizations for the purpose of assisting the elderly and older adults with Down's Syndrome in the State of Texas.

<u>Basis of presentation</u> – The Trust's financial statements are presented in accordance with the modified cash basis of accounting. This method of accounting differs from generally accepted accounting principles primarily in that investments are reported at cost rather than fair value, revenue is recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. The Trust recognizes federal excise tax expense and any related asset or liability in the tax year to which it pertains. Realized gains and losses on sales of investments are computed using the first-in, first-out method.

<u>Federal income tax status</u> – The Trust is exempt from federal income tax under 501(c)(3) of the Internal Revenue Code (the Code), and is classified as a private foundation, which is subject to excise tax on net investment income.

<u>Net asset classification</u> – Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. *Net assets without donor restrictions* are not subject to donor-imposed restrictions even though their use may be limited in other respects such as by contract or board designation. The Trust only has *net assets without donor restrictions* as they are available to support the broad purposes of the Trust.

<u>Functional allocation of expenses</u> – Expenses are reported by their functional classification. Program services are the direct conduct or supervision of activities that fulfill the purposes for which the organization exists. Management and general activities are not directly identifiable with specific activities. Expenses that are attributable to more than one activity are allocated among the activities benefitted on the basis of estimated time and effort expended.

NOTE 2 – LIQUIDITY AND AVAILABILITY OF RESOURCES

The Trust's financial assets comprise cash and investments of \$1.2 million at December 31, 2019 and 2018. All financial assets are available to fund the Trust's general expenditures within one year at the discretion of the Trustees. Trustees approve grants and other general expenditures as part of the annual budget process. General expenditures are funded from interest and dividends received supplemented by proceeds from sales of common stock as needed.

NOTE 3 – INVESTMENTS

Investments in common stock are two corporate holdings that have a fair value of \$35,573,572 and \$35,548,289 at December 31, 2019 and 2018, respectively. The fair value is based on the closing prices

reported on the active market on which the individual securities are traded. One of the Trust's two holdings comprise 98% of the total fair value of common stock at December 31, 2019 and 2018.

Investments are exposed to various risks such as interest rate, market and credit risks. Because of these risks, it is at least reasonably possible that changes in the fair value of investment securities will occur in the near term and that such changes could materially affect the fair value amounts in this disclosure.

NOTE 4 – FEDERAL EXCISE TAX

The Internal Revenue Code imposes an excise tax on private foundations equal to 2% of net investment income (principally interest, dividends, and net realized capital gains, less expenses incurred in the production of investment income). This tax is reduced to 1% for private foundations that meet certain distribution requirements. The Trust computed its provision for federal excise tax at the rate of 1% in 2019 and 2018.

Internal Revenue Code §4942 requires that the Trust annually make qualifying charitable distributions of approximately 5% of the fair value of noncharitable assets during the prior year reduced by acquisition indebtedness, if any, with respect to such assets. Such qualifying distributions must be made by the end of the succeeding taxable year in order to avoid the imposition of a 30% federal excise tax on any undistributed income. The Trust is currently in compliance with these provisions and is not subject to this federal excise tax on undistributed income.

The Trust believes that it has appropriate support for the federal excise tax positions taken and, as such, does not have any uncertain tax positions that could result in a material impact on the Trust's financial statements.

NOTE 5 – SUBSEQUENT EVENTS

On March 11, 2020, the Director-General of the World Health Organization declared a pandemic related to the global outbreak of the new coronavirus COVID-19 and on March 13, 2020, a national emergency was declared in the United States. Financial markets have been impacted by fears of the COVID-19 pandemic and a decline in the price of oil. The fair value of the Trust's investments have experienced a significant decline since December 31, 2019. While the Trust expects these events may negatively impact investment return in the future, the financial impact cannot be reasonably estimated at this time.

Management has evaluated subsequent events through September 2, 2020, which is the date that the financial statements were available for issuance. As a result of this evaluation, no other events were identified that are required to be disclosed or would have a material impact on reported net assets or changes in net assets.
